May 21-1979

Dear Mr. Healey:

About midnite on Wednesday, April 25-1979, a very bad fire broke out in my neighborhood (143 Otis St., East Cambridge).

In the process of the firemen fighting this raging fire, a fire hose burst in the middle of the street, sending the water with extreme force against the lower section of my storm door, damaging the plexiglass & frame very badly.

Fortunately, I was able to have this section of the storm door repaired (rather than involving a complete new door), and enclose receipted bill from National Plate & Window Glass Co. for such repair at a cost of \$16.80.

In view of the above, please consider this letter a claim against the City of Cambridge. I await your reply regarding this subject.
