RE: Communications For Clerks Office On Public Benches
VIA FACSIMILE: (617) 349-4287

2002 JUN - 6 P 3: 37
OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

I herby request that the City of Cambridge remove the public benches in front of the Modica Way in Central Square. The presence of these two benches represents a magnet for numerous public nuisance activities including public drinking, numerous fights, aggressive pan handling, drug use, drug dealing, public urination and defecation.

The combined effect of this on going and truly difficult situation is that my business is very negatively impacted. From a retail store view, customers are scared to come in it's a terribly fearful situation for adults and kids. From a real estate and landlord point of view it is impossible to lease office space while the above is happening outside your front door.

Thank you,

Morris M. Naggar
