October 2, 1995

To The Honorable, The City Council:

In response to Awaiting Report Item No. 57, regarding the cause of the depression in the road in the vicinity of 36 Magoun Street, Public Works Commissioner Ralph E. Dunphy reports the following:

The Public Works Department inspected the area of 36 Magoun Street for depressions. They located one small depression near some cracked asphalt at the aforementioned address. They feel this depression is due to normal wear and tear. The Construction Division will place an asphalt patch over the depression. This work has been scheduled for the week of October 9th but could possibly be done sooner.

Very truly yours,

Robert W. Healy
City Manager
