We support the passage of a CAMBRIDGE FOOD SECURITY POLICY which has  
as its goal:

1) ensure food security to all Cambridge residents;  
2) maximize the use of all Federal and Massachusetts hunger programs  
including the Summer Feeding Program for Children, WIC, Food Stamps,  
Free and Reduced School Lunch and Breakfast Programs, elder nutrition  
programs and all other special programs for children, homeless persons and  
others in need;

2) work toward the achievement of other goals such as minimizing the  
waste of food, educating about nutrition and strengthening private and  
non-profit efforts to provide food security to all; these goals to be  
developed by Cambridge residents committed to the goal of FOOD SECURITY  
FOR ALL!

Whereas: Hunger among our city's children and their families is a crisis which is growing in spite of an unprecedented community mobilization involving our non-profit agencies, committed volunteers, and local hospitals, churches, food stores, caterers, and restaurants. And

Whereas: Hunger and malnutrition can have physical and emotional impacts on children and their families that last for many years. And

Whereas: In a recessionary economy these problems increase - at the same time that private sector resources available to solve them decrease - calling for individuals at all levels of government to roll up their sleeves and increase our responses. And

Whereas: The impressive network of meal programs that has grown up across the city in the past five years serves many - but does not adequately serve the needs of Children and their families - and there therefore exists a crying need for emergency feeding programs for families. Now therefore be it

Ordered: That the Cambridge City Council calls on the City Manager to work with the feeding network to develop and fund a feeding program to be called "The family Table" for serving dinners ~~three~~ <sup>five</sup> nights a week to children and their families. And

Further: That the Manager work with the providers <sup>and</sup> to increase access to the entire service delivery system for children and their families.
