CAMBRIDGE, MASS.

January 16, 1985

The Honorable Leonard Russell
Mayor of the City of Cambridge
795 Massachusetts Avenue
Cambridge, Massachusetts 02139

Dear Mayor Russell:

On Tuesday, January 8, 1985, the Public Health Council took action on the Youville Hospital request for the extension of our DoN authorization period and the revision of the project's scope due to our compliance with the condition of our original DoN approval, namely, a signed agreement with the Ten Taxpayer Groups.

We are indeed pleased to announce that the Public Health Council granted us the authorization to proceed with our Building Improvement Project, although at an increased cost.

As we direct the architects to develop our plans, we are inviting the Cambridge Community to an Open House on Sunday, February 10, from 2:00-4:00 p.m. It would please us very much, however, if you, Mr. Mayor, and your colleagues would accept our invitation to join us at a breakfast, luncheon or dinner (whenever it is possible for all to attend) prior to the Open House. Your concerns and questions could then be addressed. We wish this project to bring the least inconvenience possible to the residents of Cambridge and your comments would be most welcome and appreciated. If this is possible, may I please hear from your office regarding the date, the hour and the number of persons attending.

We look forward to sharing with you the future developments of our project and specifically its benefits to the patients we serve. I hope it will be possible for you and your colleagues (as copied below) to come.

Sincerely,

Sr. A. Caron

Sister Annette Caron, S.G.M.
President/CEO
