City Fathers:

MISSION AMERICA is the designation given to a national project to make the public aware of constitutional issues relating to religious liberty and freedom of conscience. Several million copies of the book *America in Prophecy* will be distributed "free of charge" in major cities coast to coast.

There is no solicitation of money involved! There is no obligation now or in the future to the public. This is simply an "awareness campaign" with several thousand persons participating all across America. Free books for the Boston/Cambridge area are being sponsored by local business men and interested persons. MISSION AMERICA is conducted by Inspiration Books East, Inc., a non-profit organization located in Jemison, Alabama (Federal ID Number 63-0831249).

As per Ray Vice's conversation with you, we are requesting permission for the distribution of *America in Prophecy* in the city of Cambridge beginning June 3 through 10, 1990. We are specifically requesting permission to distribute free books in *Harvard Square, Central Square and Porter Square* and any other accesible locations in Cambridge where we will be allowed to distribute our material.

Our volunteers will not be soliciting donations, but simply distributing the book *America in Prophecy* free of charge to those who would like a copy. We will be wearing badges with a picture of the Statue of Liberty and the words, "Keep America Free".

Very truly yours,

Charles E. Wheeling
