

TO: The Public Works Department
FROM: Cambridge Youth Soccer

We, the undersigned, are organizers, coaches and managers of 28 teams serving 500 children participating in the fall season of Cambridge Youth Soccer. We wish to express our hardy gratitude to the Public Works Department's contribution of permanent goal posts placed at the Common, St. Peter's, Ahearn and Glacken Fields. This has allowed us to expand membership to all resident areas of Cambridge. It has also facilitated the coordination of the many teams that have developed due to the growth in membership. We like to attest to the fact that our children are learning soccer skills and sportmanship while having fun.

Because of your contribution, we have been able to accomodate all Cambridge youth wishing to play soccer. Thank you for your support!

CAMBRIDGE YOUTH SOCCER

On behalf of the four hundred and seventy-five Cambridge youngsters participating in Youth Soccer this fall, the under-signed coaches, managers and organizers extend to the Department of Human Service Programs our profound gratitude for DHSP's work in coordinating and facilitating the installation of permanent goal posts at Ahern, the Common, St. Peter's and Glacken fields. Without DHSP's tireless efforts on Youth Soccer's behalf, it would not have been possible to provide soccer for children from so many different neighborhoods (all thirteen elementary schools are represented) or in such great numbers.

We know all these youngsters' parents join us in saying

THANKYOU SO MUCH!
