Cambridge, Oct. 11 1990

To the Honorable, the City Council of the
CAMBRIDGE, MA
City of Cambridge:

The undersigned respectfully pray

I am asking the Cambridge City Council to grant me a permit to sell my arts and crafts in the city of Cambridge.

These crafts consist of jewelry (bracelets & necklaces) and painted wood (boxes & plaques).

The jewelry is made by my stringing beads/sequins of various shapes, sizes and colors, with elastic beading string, either with the two materials together or separate in various combinations. For instance several of the bracelets are made with the color scheme of orange & black beads for Halloween/red & green for Christmas

What I do with the wooden craft is to hand paint them with a high gloss enamel paint in solid colors and decorate them by gluing on the sequins in various designs and themes. Some of the plaques have small mirrors glued in the center with the sequins around the rim. Again, as with the jewelry, I have some of these decorated with the holidays in mind.

I consider these crafts "fun art" for people to buy at inexpensive prices. I think these will make good little gift items and I am hopeful that young people especially will be interested in these crafts.

I truly hope that this request for a permit will be granted to me. Thank you for your time and consideration.
