draft resolution
can we include
name? call
Richard for
name.

I've drafted the proposed language for a resolution.

There are 28 people who went through the COPS grant training. (I have a list

which I can fax you a hard copy of... What's your fax number again?) In addition

Carole S. thought it was important to acknowledge a few other people without

whom the trainings would not have happened. Specifically;

Janet Yassen - Victims of Violence Program

Nancy Ryan

Jean Granick - from the Division of Community Affairs (of the Hospital)

You'll see at the bottom of the resolution who we'd like to give a nice copy to.

There would be a total of about 35 copies to be given out...

I hope the City Clerk would be okay with "embossing" those, especially the ones

for the COPS grant trainees. I know it's a lot of resolutions but...

I know their individual names will not be on the resolution but at the ceremony,

if you could read off their names and the individual people could come up and

shake your hand and publicly be recognized it would be great. Anyway... I'm not

sure how its' typically done. Should I assume the City Clerk would notify the

recipients? And we probably need some lead time to make sure people have it on
