Re: Budget Hearings, Assessor's Office
Cambridge

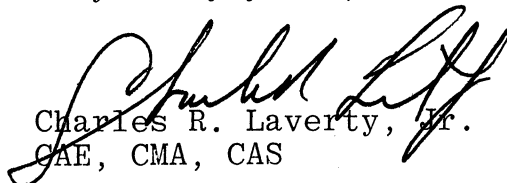

Dear Mr. Healy:

I would like to be recorded in favor of supporting the Board of Assessors Budgetary Request in this critical time of Revaluation and Proposition 2½.

In my opinion, the success of Proposition 2½ will be predicated on the full implementation of revaluation and to reduce the costs of this effort will only magnify mistakes and create further financial problems for the City.

As a professional in this field, I concur with the request of the Board of Assessors and suggest that they be adhered to.

Very truly yours,

Charles R. Lavery, Jr.
