OFFICE OF CITY CLERK
Cambridge, March 5

CAMBRIDGE, MASS.

1977

To the Honorable, the City Council of the
City of Cambridge:

The undersigned respectfully pray

That you repave Hilliard Street at your earliest convenience. There are more holes and deep cracks in the street than you can shake a stick at and it certainly may cost the town a hundredfold in costs for law suits from accidents than the repaving will. I, for one, have been living in this street for 14 years and have never seen any repaving done. The best the town has ever done is throw rocks in the worst holes which leaves us with the holes plus rocks all over the street. Since rocks, as you well know, do not stay in holes, a proper paving job is utterly necessary.
