To His Honor the Mayor and
The Board of Aldermen }

Cambridge, Mass.,
March 6, 1894.

Western Avenue — one of the broadest, straightest, and most extensively travelled streets of our city, — certainly deserves to be put in better condition and to receive much more care and attention than has generally been given to it by our city. The northerly side of it is at times almost impassible by reason of mud and water collected in cavities, and because it has no continuous brick sidewalk.

It is earnestly hoped by the petitioners, — property owners on the northerly side of the street, and taxpayers, — that the accompanying prayer for the said brick sidewalk on the northerly side of Western Avenue from Main Street to the Bridge, may be ^{duly} considered and granted.

The condition of the road-bed of this Avenue, also, would seem to demand that the paving of it should be completed as soon as practicable.

Very Respectfully

Charles Walker

The Standing Committee on Roads and Bridges
to which were referred sundry petitions for Edgestones,
Brick sidewalks, Crossings etc.,

Reports

Recommending

the adoption of the accompanying orders, viz: -

- 1.-Order for completing the sidewalks upon certain streets.
- 2.-Order for crossing on Haskell street.

I Your Committee further reports, an order for edgestones on
on both sides of Mount Auburn street from Eliot square to the Watertown
line, rescinding the order of May 15 in relation to the same matter.
The order of May 15, 1894, in relation to this street, was incomplete,
in reference to the length of the street upon which the edgestones
are required, and also provided for charging the expenditure to the
appropriation for Street Department, Paving: Edgestones and Sidewalks.
The present order provides that the expense shall be charged to "Re-
building Mount Auburn Street".
