Dear Mayor Duehay and Members of the City Council:

Attached you will find letters that room 108 from the Harrington School wrote. These letters are in regards to the condition of the park behind the school. As a staff member and taxpayer, I too am concerned. The park is not a year old yet and by the condition of the park you wouldn't know it.

I have taken some pictures of the park to show you what it looks like. Whether it be the soft surface or the graffiti the condition of the park is not suitable for children to play in. We are asking you to help get our park fixed and cleaned.

Sincerely,

Robert Travers
Harrington School

Consent Communication #2 5045

A communication was received
from Robert Travers, Harrington
School, transmitting letters
from Room 108 students regarding
the condition of the park behind
their school.
