To The Honorable, The City Council:

In response to Awaiting Report Item No. 20, regarding assessing the need for bicycle racks at CRLS, please be advised that the Environmental and Transportation Division of Community Development is installing bicycle racks at CRLS, please be advised of the following:

To date, there is bicycle parking for more than 40 bicycles at CRLS. Nineteen post-and-ring bicycle racks have been installed by the Community Development Department's Environmental and Transportation Planning Division; five were installed in June, 1994, and fourteen were installed in October, 1996. There is also bicycle parking for approximately six additional bikes on existing racks, which are not the post-and-ring type; these non-standard racks will be replaced and approximately twenty additional post-and-rindge racks will be installed on June 24 and June 25, 1997. The June 1997 installation will bring the total number of bicycle parking spaces at the high school to seventy-eight. There are also bicycle parking facilities for more than ten bicycles in front of the Main Library.

Very truly yours,

Robert W. Healy
City Manager
