Dear Mr. Sullivan:

We are writing in regard to recent events concerning the appointments of the Commissioner of the Department of Health and Hospitals. We would like to restate the Health Policy Board's position.

We strongly feel that there should be appointed a permanent Commissioner, as soon as possible. We also feel and expressed at our last Board meeting that this should be a full-time position.

We do feel that a candidate's having limited outside professional interests does not preclude his/her holding a full-time position as Commissioner. Thus, we do support a change in the ordinance that would allow a (full-time) Commissioner to have some limited professional activity in addition to his/her position.

If you have any questions, please feel free to contact us.

Sincerely,

Judith Freiman

To the Honorable, the City Council:

Enclosed herewith is a copy of a communication which I received from Judith Freiman, Chairman of the Cambridge Health Policy Board, relative to the Board's support of a change in the ordinance that would allow a full-time Commissioner to have some limited professional activity in addition to his/her position as Commissioner of Health and Hospitals. The Board also feels that a permanent full-time Commissioner should be appointed as soon as possible.

Very truly yours,
