Dear Sir's

us Kids are very upset at the way the police kicked the pedelars out. i, myself, buy from both comerial stores and pedelars and i think it would be more cheer-ful with people singing, selling jeans, selling flowers and Just selling anything.

I go to Harvard sq almost every day and the pedelars make it pretty neet but with out them the hole square will be empty and gloomy.

the pedelars have fantastic

things to sell and depend on
there little "store" for money
and the pedelars are really
neet to look at, there hand-
made stuff is great!!!!

We really need them abt!

please keep them on the
sidewalks and get them
out of Jail! Please

Its good having both comercial
stores and pedelars but without
pedelars harvard square just
isn't harvard square.
