RE: Establish An Advisory
Committee for the Porter
Square Pedestrianization
Project

On May 4, 1994 the advisory committee for the Porter Square Pedestrianization Project held their first meeting at the Public Works Department. In attendance were representatives from Public Works, Traffic & Parking, Police Department, and the Environmental Program.

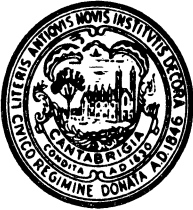

Information concerning the pedestrian issues at Porter Square were discussed by all individuals present. It was felt that all the City agencies necessary to this project were present.

Final recommendations for the advisory committee, the traffic study for Porter Square and the next meeting time will be forwarded to the City Manager by separate correspondence from Mr. Preston.
