

Dec 8th 1887

My Dear Genl

My attention has been called, and I am requested to call your attention to the opportunity now existing to extend Clarke River Street across the narrow strip of land lying between Mt Auburn and Bow Streets in the line of Plympton St. where a building has just been removed. our Officer St. Lawrence so called piers through this lot and formerly under the house. would it not be well to take some action towards taking a strip through. Please look at it and see what you think about it. I understand parties are now intending to build a block of houses there. I promised to speak to you this P.M. but forgot it since I write
truly &c W. S. Barborn

W. J. Barbour, 162

City Engineer,

in regard to Charles River St.
