Whereas the Cambridge Hospital and the City of Cambridge and the Mid-Cambridge Neighborhood Association have agreed to a Memorandum of Understanding regarding the renovation and expansion of the Hospital,

Whereas one of the primary purposes of the MOU was to address Hospital neighbors' concerns related to traffic and parking congestion due to the expansion and provided for creation of a Hospital Parking Management District, a geographic area in which parking congestion will be monitored and for which mitigation measures will be developed.

Whereas a traffic and parking study has been conducted by Vanasse Hangen Brustlin Associates on behalf of the Hospital and the MCNA, as called for in the MOU,

Whereas final recommendations of the traffic and parking study for mitigating project traffic and parking impacts are now being prepared,

Therefore be it resolved that the City Council affirms its continued support for the MOU as an essential and integral component of the Hospital renovation and expansion project,

Be it further resolved that the City Manager be and is hereby requested to take necessary steps to establish a Parking Management District, a geographic area in which parking congestion will be monitored and for which mitigation measures will be studied and recommended, and

Be it further resolved that the City Manager be and is hereby requested to forward to the City Council within two months the recommendations of the Vanasse Hangen Brustlin Associates traffic and parking study, together with a plan for the prompt implementation of these recommendations.
