To the Honorable, the City Council:

Attached is an order requesting the appropriation of \$4,500.00 to the Hospital and Ambulatory Care Fund, Commissioner's Office, Other Ordinary Maintenance account. Environmental Health & Engineering, Inc. will focus its efforts on reviewing the risk assessment document prepared by the developer on the former W. R. Grace site. This will include reviewing the assumptions that have been made in the development of the document and the calculations of the risk to the exposed population.

This will include assessing the uncertainties associated with the calculation of emission rates and the indoor and outdoor pollutant concentrations. They will also evaluate the appropriateness of the methodology used to evaluate the significance of the projected health risks. A written response to the City of Cambridge will be provided by September 15, 1988. They also plan on attending the public hearing scheduled for the fall.

Support for this appropriation will come from property taxes.

Passage of the attached order is recommended.

Very truly yours,

Robert W. Healy
