

*City of Cambridge,
Mayor's Office.*

Cambridge, Jan. 19, 1895.

To The Honorable, The City Council;-

Gentlemen:-

I desire to call your attention to what seems to me to be the desirability of establishing a building line on Huron Avenue, by the adoption of Chapter 462, of the Acts of 1893.

I am aware that this question was considered by the City Council of last year.

The City Solicitor gave as his opinion that the line could not be established without expense to the city, unless the owners of the various parcels of land abutting upon the street released their rights.

I think that an attempt should be made to secure such releases; for it is evident that the establishment of the line would be of great service in determining the character of buildings upon the street, and that the result would be most advantageous to the city.

Respectfully,

Dictated.
