Wm L. R. Harding
Mayor City of Cambridge
Dear Sir

We have Cargo of
Coal per scho C. C. Jackson "Foreign"
for Lyman Kusley agt Boston Rolling
Mills Cambridgeport, now laying at
Larned Whf, & unable to proceed to place
of destination, because of Bridge being
too narrow to allow vessel to pass.

As there is already expense incurred
by detention and further damage
will arise by this cause (narrow bridge)
We must look to City of Cambridge
to hold us harmless in the matter

We will be pleased to hear from you early
respecting it. The vessel on charter & bunkers
to \$35 per day

Yours

Respectfully
W. Wallace & Co Agts
