# City of Cambridge.

In Board of Aldermen,

June 30th, 1896.

Resolved, That the public necessity and convenience require Clark street a private way, so-called, between School and Washington street, should be widened and laid out at a width of forty feet, and that for the purpose of such widening and laying out it is necessary to take certain strips of private land bounded and described as follows, viz:-

Beginning at a point in the southerly line of Washington street at its inetsection with the proposed new easterly line of Clark street, said point being located by the fence as now standing at said intersection of line: thence southerly about two hundred and sixty-seven (267) feet along said proposed line (touching the northwesterly corner of the brick building owned by Sarah Brooks, at the northeasterly sorner of Clark and School streets,) to its intersection with the old line of Clark street: thence southeasterly along the said old line of Clark street about eleven (11) feet to its intersection with the northerly line of School street: thence westerly along and bounding on said northerly line of School street about forty-two and three (42.3) feet to its intersection with the proposed new westerly line of Clark street: thence northerly parallel to and forty (4P) feet distant westerly from the proposed new easterly line of Clark street about two hundred and eighty-five (285) feet to its intersection with the southerly line of Washington street: thence easterly along and bounding on said southerly line of Washington street about forty (40) feet to its intersection with the proposed new easterly line of Clark street at the point of beginning. Containing about eleven thousand two hundred and seventy-two (11,272) square feet, more or less.

The above described parcel of land is shown and enclosed by red lines on a plan drawn by L. M. Hastings, City Engineer, entitled "Plan of Clark street, showing proposed widening and extension" dated June 25, 1896, and on file in the office of the City Engineer, Cambridge Mass.

It is therefore hereby Ordered:

That due notice be given to the owners of lands abutting on said Clark street, as hereinbefore described, and all other persons interested, by a delivery of a copy of this order of notice in the manner prescribed by law, and by publication in the newspaper called the Cambridge Chronicle, that this Board intends to widen and lay out said Clark street to the width of forty feet, by taking a portion of their land and laying out the same as a public street, and that Tuesday the 14th day of July next, at 4.30 o'clock P. M., is assigned as the time for hearing any objections which may be made thereto.

ADOPTED.

*In Board of Aldermen,* June 30th, *1896.*

*The Committee on* Roads and Bridges to which was referred the petition of Albert F. Hayward and others for the widening of Clark street from School street to Washington street,

*Reports*

That at the request of your Committee, the City Engineer has prepared a plan and estimate of the cost of the widening of Clark street between School and Washington street. He says "if this portion of Clark street be laid out to the width of 40 feet the estimate would amount to $17,586.48. Your Committee recommends the adoption of the accompanying order of notice of intention to lay out said Clark street between the points mentioned at the width of 40 feet. Hearing to take place on Tuesday July 14, at 8 30 o'clock P.M.

**In Board of Aldermen,**

October 6th, 1896.

Resolved, That the public necessity and convenience require that Clark street, a private way so-called, between School and Washington streets, should be widened and laid out at a width of forty feet, and that for the purpose of such widening and laying out it is necessary to take certain strips of private land bounded and described as follows, viz:-

Beginning at a point in the southerly line of Washington street, at its intersection with the proposed new easterly line of Clark street, said point being located by the fence as now standing at said intersection of line; thence southerly about two hundred and sixty-seven (267)feet alongsaid proposed line (touching the northwesterly corner of the brick building owned by Sarah Brooks, at the northeasterly corner of Clark and School streets), to its intersection with the old line of Clark street; thence southeasterly along the said old line of Clark street about eleven (11)feet to its intersection with the northerly line of School street; thence westerly along and bounding on said northerly line of School street about forty-two and three tenths (42.3)feet to its intersection with the proposed new westerly line of Clark street; thence northerly parallel to and forty (40) feet distant westerly from the proposed new easterly line of Clark street about two hundred and eighty-five (285)feet to its intersection with the southerly line of Washington street; thence easterly along and bounding on said southerly line of Washington street about forty (40)feet to its intersection with the proposed new easterly line of Clark street at the point of beginning. Containing about eleven thousand two hundred and seventy-two (11,272 square feet, more or less.

Also that the grade of said Clark street widened and laid out as aforesaid, should be established, and that, for the purpose of the aforesaid widening and laying out of said street, it is necessary to take and lay out as a public way and part thereof the following described parcels of land, to wit:-

A parcel of land said to belong to Sarah M. Brooks bounded as follows:-Easterly by the proposed new easterly line of Clark street about eighty-three (83)feet; westerly by the present easterly line of Clark street about eighty-three and five tenths (83.5)feet. Containing one hundred and eighty and two tenths (180.2)square feet, more or less.

A parcel of land said to belong to Joseph McIntire bounded as follows:-Easterly by the present westerly line of Clark street about ninety-nine and five tenths (99.5)feet; southerly by the northerly line of School street about twenty-seven and eight tenths (27.8)feet; westerly by the proposed new westerly line of Clark street about one hundred and five tenths (100.5)feet; northerly by land hereinafter described as taken from the Heirs of Jane S. Hall about fifteen (15)feet. Conatining two thousand and eighteen and two tenths (2018.2)sqaure feet, more or less.

# City of Cambridge.

## In Board of Aldermen,

189

A parcel of land said to belong to the Heirs of Jane S.Hall, bounded as follows:-Easterly by the present westerly line of Clark street about fifty-eight and seven tenths (58.7)feet; southerly by land herinbefore described as taken from Joseph McIntire about fifteen (15)feet; westerly by the proposed new westerly line of Clark street about sixty-one (61)feet; northerly by land hereinafter described as taken from the Heirs of Oliver Hall about twelve and eight tenths (12.8)feet. Containing eight hundred and twenty-one and three tenths (821.3)square feet, more or less.

A parcel of land said to belong to the Heirs of Oliver Hall, bounded as follows:-Easterly by the present westerly line of Clark street about twenty-seven (27)feet; southerly by land hereinbefore described as taken from the Heirs of Jane S. Hall, about twelve and eight tenths (12.8)feet; westerly by the proposed new westerly line of Clark street about twenty-seven (27)feet; northerly by land hereinafter described as taken from the Heirs of Samuel P. Teele about eleven and eight tenths (11.8)feet. Containing three hundred and twenty-nine and four tenths (329.4) square feet, more or less.

A parcel of land said to belong to the Heirs of Samuel P. Teele, bounded as follows:-Easterly by the present westerly line of Clark street about ninety-six and six tenths (96.6)feet; southerly by land hereinbefore described as taken from the Heirs of Oliver Hall about eleven and eight tenths (11.8)feet; westerly by the proposed new westerly line of Clark street about ninety-six and five tenths (96.5)feet; northerly by the southerly line of Washington street about ten and four tenths (10.4)ffet. Containing ten hundred and seventy-two and three tenths (1072.3) square feet, more or less.

A parcel of land belonging to unknown owners being a part of a street or way known as Clark street and bounded as follows:- Westerly by land hereinbefore described as belonging to Joseph McIntyre, Heirs of Jane S. Hall, Heirs of Oliver Hall and Heirs of Samuel P. Teele, about two hundred and eighty-one and eight tenths (281.8)feet: northerly by the southerly line of Washington street about twenty-nine and six tenths (29.6)feet: easterly by the present easterly line of Clark street, about two hundred and seventy-eight and four tenths (278.4)feet: southerly by the northerly line of School street about fourteen and five tenths (14.5) feet. Containing six thousand eight hundred and fifty eight (6858) square feet more or less.

The above described parcels of land are shown on a plan entitled "Plan of Clark Street, showing proposed widening and extension", drawn by L.M.Hastings, City Engineer, dated June 25, 1896, and on file in the office of the City Engineer of Cambridge Mass., at the City Hall in said Cambridge.

Said widening to be done under the provisions of the statute authorizing the assessment of betterments.

And

Whereas, due notice has been given of the intention of this Board to take the parcels of land for the purposes aforesaid, as appear by the return on the order of notice issued therefor,

it is therefore

Ordered, That the parcels of land hereinbefore described, be and the same herby are taken and laid out under the provisions of law authorizing the assessment of betterments, as a public street or way of the City of Cambridge and part of Clark street, all according to a plan of such widening and laying out, made by L.M.Hastings, City Engineer, dated June 25, 1896, entitled "Plan of Clark street, showing proposed widening", and extension", and on file in his office; and this Board doth adjudge that the expense of said widening and laying out, of the aforeaid street, as aforesaid, will amount to the following sums, viz:-

# City of Cambridge.

Order

Directing the City Engineer to prepare a plan of Clark street, Hebron School and Washington Elm Streets, at the width of 30 feet.

Sept 18. 1900.

# Special Assignment

July 14, 1896

8 o'clock, P. M.

## City of Cambridge.

In Board of Aldermen, June 30, 1896.

Resolved, That the public necessity and convenience require that Clark street, a private way, so-called, between School and Washington streets, should be widened and laid out at a width of forty feet, and that for the purpose of such widening and laying out it is necessary to take certain strips of private land bounded and described as follows, viz.:

Beginning at a point in the southerly line of Washington street, at its intersection with the proposed new easterly line of Clark street, said point being located by the fence as now standing at said intersection of line; thence southerly about two hundred and sixty-seven (267) feet along said proposed line (touching the northwesterly corner of the brick building owned by Sarah Brooks, at the northeasterly corner of Clark and School streets), to its intersection with the old line of Clark street; thence southeasterly along the said old line of Clark street about eleven (11) feet to its intersection with the northerly line of School street; thence westerly along and bounding on said northerly line of School street about forty-two and three-tenths (42.3) feet to its intersection with the proposed new westerly line of Clark street; thence northerly parallel to and forty (40) feet distant westerly from the proposed new easterly line of Clark street about two hundred and eighty-five (285) feet to its intersection with the southerly line of Washington street; thence easterly along and bounding on said southerly line of Washington street about forty (40) feet to its intersection with the proposed new easterly line of Clark street at the point of beginning. Containing about eleven thousand two hundred and seventy-two (11,272) square feet more or less.

The above described parcel of land is shown and enclosed by red lines on a plan drawn by L. M. Hastings, city engineer, entitled "Plan of Clark street, showing proposed widening and extension," dated June 25, 1896, and on file in the office of the city engineer, Cambridge, Mass. It is therefore hereby

Ordered, That due notice be given to the owners of lands abutting on said Clark street, as hereinbefore described, and all other persons interested, by a delivery of a copy of this order of notice in the manner prescribed by law, and by publication in the newspaper called the Cambridge Chronicle, that this board intends to widen and lay out said Clark street to the width of forty feet, by taking a portion of their land and laying out the same as a public street, and that Tuesday, the 14th day of July next, at 8 o'clock P.M., is assigned as the time for hearing any objections which may be made thereto.

Adopted. Sent down for concurrence.

Attest: EDWARD J. BRANDON, City Clerk.

In Common Council, June 30, 1896.

Attest: EDWARD A. COUNIHAN, Clerk.

# City of Cambridge

*In Common Council,* July 25th, 1900.

Ordered,

That a City Debt be Created

for the sum of Twelve Thousand Dollars ($12,000.00),

for the purpose of the construction of highways, streets and ways, as follows:- Inman Court from Inman street to Jones Alley, so-called, Six Thousand Dollars ($6,000.00). Pleasant street from heretofore existing south-westerly terminus to the Charles River Parkway, Six Thousand Dollars ($6,000.00), all as authorized by the provisions of Chapter 212 of the Legislative Acts of the Commonwealth for the year 1894,

and that from time to time as the City Treasurer may deem necessary bonds of the City will be issued not exceeding that amount, either in the form of registered or coupon bonds, one or both, to be styled

"Street Loan"

said bonds to be dated at the date of their issue to run for twenty years from said date, with interest at the rate of not exceeding 3 1/2 per centum per annum, payable semi-annually; that the Mayor, City Auditor and City Treasurer be and are hereby authorized and instructed to sign and execute said bonds and all transfers and exchanges of the same in the manner directed by the ordinances of the City, and that the City Treasurer be and is hereby directed to bargain and sell, and is hereby authorized to transfer and exchange the same.

# Certificate of City Physician under Chap. 364 of the Acts of 1894.

To ~~C.~~ A. A. Pevey

City Solicitor.

I HEREBY CERTIFY that on the Eighteenth day of June, A. D. 1900, I called upon James E. Hill of Cambridge, a Laborer in the Street Department of the City, who claims he was hurt while he was engaged at work at or near Raymond Street, by

(Here insert what the injured tells you as to the cause and extent of his injury, the place and nature of his injury, and generally, in detail, any and all information he or others may have given you relating to his injury and how he was hurt.)

Being thrown from a team by a falling bale of hay. He struck the ground on his left hip.

From my first examination I found the following: No marks of injury. He complained of pain in his left groin and hip.

~~I also examined said~~ at

(Put in dates, if any.)

I have also read the testimony of various witnesses and parties in possession of the City Solicitor. From the examinations I have made as above stated, and from other information given to me as above, I am of the opinion and hereby certify that the said James E. Hill was incapacitated Physically for the performance of his duties by injuries

(Mentally or physically.)

sustained by him in the discharge of such duties on the Eighteenth day of June A. D. 1900, without fault on his part, for a period of thirteen days, to wit:—from the said Eighteenth day of June A. D. 1900, to and including the thirtieth day of June A. D. 1900, and that during this time said disability continued.

# AN ORDINANCE

**In relation to the Survey Department of the City of Cambridge.**

*Be it Ordained by the City Council of the City of Cambridge as follows:*

Section 1.-The survey department shall be under the charge of the Board of Survey created under the provisions of Chapter four hundred and five of the legislative acts of the year nineteen hundred. No person shall be a member of said board who is at the same time a member of the City Council. The members of the board shall receive no compensation for their services.

Section 2.-The board may choose a clerk, and may make such rules and regulations for its own government, and in relation to all its officers and employees, as may be deemed expedient.

Section 3. The board, so constituted and organized, shall have and exercise all the powers given to it and to the city council by the legislature, by the four hundred and fifth chapter of the acts of the year nineteen hundred, and by any acts in addition thereto which may be hereafter enacted, so far as the same can be legally delegated by the city, subject to all the duties, liabilities and restrictions in said last-named chapter contained.

Section 4. The board, on or before the fifteenth day of December in each year, shall present to the city council a report containing a statement of all its acts, doings and proceedings, together with any information or suggestions which it may deem important, and an estimate of the amount required of the city for the conduct of the department for the year ensuing.

Section 5. No member of the board, and no person appointed to any office or employed by virtue of this chapter or of the acts of the legislature mentioned in the third section of this chapter, shall be interested, directly or indirectly, in any contract, bargain, sale or agreement, in relation to lands, or any matter or thing connected therewith, wherein the city is interested; and any and all contracts, bargains, sales or agreements, made in violation of this section, shall be void as to the city.

Section 6. The board may require the city engineer, either by himself or by his assistants, to perform all work which properly comes within the province and under the direction of a civil engineer, including the making of examinations and surveys and the preparation of statements, plans, profiles, estimates and descriptions.

SPECIAL ASSIGNMENT

Sept. 11th, 1900.

8.30 o'clock, P. M.

# CITY OF CAMBRIDGE.

In Board of Aldermen,
June 19th, 1900.

Resolved, That the public necessity and convenience require that Clark street, a private way, so-called, between School and Washington streets, should be widened and laid out at a width of forty feet, and that for the purpose of such widening and laying out it is necessary to take certain strips of private land bounded and described as follows, viz.:

Beginning at a point in the southerly line of Washington street, at its intersection with the proposed new easterly line of Clark street, said point being located by the fence as now standing at said intersection of line; thence southerly about two hundred and sixty-seven (267) feet along said proposed line (touching the northwesterly corner of the brick building owned by Sarah Brooks, at the northeasterly corner of Clark and School streets,) to its intersection with the old line of Clark street; thence southeasterly along the said old line of Clark street about eleven (11) feet to its intersection with the northerly line of School street; thence westerly along and bounding on said northerly line of School street, about forty-two and three tenths (42.3) feet to its intersection with the proposed new westerly line of Clark street; thence northerly parallel to and forty (40) feet distant westerly from the proposed new easterly line of Clark street, about two hundred and eighty-five (285) feet to its intersection with the southerly line of Washington street; thence easterly along and bounding on said southerly line of Washington street about forty (40) feet to its intersection with the proposed new easterly line of Clark street, at the point of beginning. Containing about eleven thousand two hundred and seventy-two (11,272) square feet, more or less.

The above described parcel of land is shown and enclosed by red lines on a plan drawn by L. M. Hastings, city engineer, entitled "Plan of Clark street showing proposed widening and extension," dated June 25, 1896, and on file in the office of the city engineer, Cambridge, Mass. It is therefore hereby

Ordered, That due notice be given to the owners of lands abutting on said Clark street, as hereinbefore described, and all other persons interested, by a delivery of a copy of this order of notice in the manner prescribed by law, and by publication in the newspaper called the Cambridge Chronicle, that this board intends to widen and lay out said Clark street to the width of forty feet, by taking a portion of their land and laying out the same as a public street, and that Tuesday, the 11th day of September next, at 8.30 o'clock P. M., and the Aldermanic Chamber, City Hall, are assigned as the time and place for hearing any objections which may be made thereto.

Adopted. Sent to the Common Council for concurrence. Attest: Edward J. Brandon, City Clerk. In Common Council, June 19, 1900. Concurred. Attest: Edward A. Counihan, Clerk. Executive Department, June 21 1900. Approved. Edgar R. Champlin, Mayor. Mayor's Record Vol. 8, Folio. A true copy. Attest: Edward J. Brandon, City Clerk.

In Board of Aldermen

Sept 1, 1900

Referred to the Committee on Roads & Bridges

~~ADOPTED~~,

Sent to the
Common Council for Concurrence.

Attest: Edward J. Beaudoin
City Clerk.

IN COMMON COUNCIL

Sept 11. 1900

CONCURRED

ATTEST: Albert M Pear CLERK pro tem

# City of Cambridge

*In Board of Aldermen,* September 18th, 1900

*The* Joint Standing *Committee on Roads and Bridges,*

*to which* was recommitted the subject of the proposed laying out of Clark street between School street and Washington street, at the width of 40 feet,

*Reports*

That in view of the large expense of the widening of this street as proposed in the order of notice, your Committee is not willing to recommend that it be laid out at the width of 40 feet. The estimate of total cost as made by the City Engineer was as follows:-

| | |
|---|---|
| Land Damages, - - - - - - - - - - | $ 9,830.98 |
| Completing the street,- - - - - - | 3,169.02 |
| Total - - - - - - - - | $13,000.00 |

It seems likely that the amount claimed for damages would largely exceed the estimate.

There is less objection to laying out this street at the width of 30 feet, and probably the expense for land damages would be very little if there were any at all. In the opinion of your Committee, it

is advisable that it be so laid out, and the accompanying order requesting the City Engineer to make new lines in accordance therewith is therefore recommended. A new order of notice also to be issued conformably to the reduced width before stated.

For the Committee,

John T. Shea
