**TO: ROBERT W. HEALY

**FROM: ^{DMD}
D. MARGARET DRURY
CITY CLERK**

**SUBJECT: ADDITIONAL REQUESTS FROM THE CITY COUNCIL MEETING
OF MAY 19, 1997**

At the City Council meeting of May 19, 1997 Vice Mayor Born requested information on the allocation of space for child care prior to final adoption of the loan order for the improvements to the Morse School.

Mayor Russell requested a report on a sign on the Walden Street side of 297 Concord Avenue; said report to include the legality of the sign on Walden Street, the safety of pedestrians and whether there is any precedent for allowing a sign to protrude so far and so hazardously over the public way.

Your kind attention in this matter will be greatly appreciated.

RE: Request for a Report On The Legality and Safety of the Sign on the Walden Street Side of 297 Concord Avenue (Additional Council Order of May 19, 1997)

In response to this Council Order, I visited the site this date and found the sign to be approximately 7 ft. above the level of the sidewalk. According to the owner, this sign was in this location when he purchased the property 12 years ago.

I advised the owner that, in accordance with the Municipal Code, a sign that overhangs the public way requires a bond and a permit from the City Council. He told me that he would obtain the bond and file for the permit through the City Clerk's office immediately.

RE: COUNCIL NUMBER 41 OF MARCH 24, 1997
SIGN AT CORNER OF WALDEN STREET AND CONCORD AVENUE

There is no City Council permission on file for this sign under the names of Cambridge Auto Clinic, Inc., U.S. Petroleum or John Diarbakley, which are the names associated with the current business. Section 12.08.010 of Chapter 12.08 of the Municipal Code requires a permit from the City Council. Longstanding City interpretation of this section requires new authorization if there is a change of ownership and the new business seeks to maintain or replace the existing sign.

The current owner has submitted a petition for City Council approval which will go before the City Council on May 19, 1997.

If you have any questions or would like to discuss this matter, please feel free to contact me.

RE: Council Order #41 of March 24, 1997 RE: Assess Whether The New Replacement Sign At The Corner Of Walden Avenue And Concord Avenue Meets The Sign Ordinance And Other Relevant Ordinance Requirements, And Whether The Proper Permits Were Secured Prior To Erection Of The Sign.

In response to this Council Order, It has been determined that a permit was not secured prior to the installation of the new sign faces to the existing sign structure at the corner of Walden and Concord Avenues.

Note: The basic sign and supporting structure is lawful as it preexists the sign provisions of the Zoning Ordinance.

The owner was contacted and, as a result, the necessary approvals were obtained and a permit has been issued.
