In Board of Aldermen, March 17th 1869

The Committee on Roads and Bridges, to whom was referred the petition of Sumner Albee et al. asking for the widening of Essex Street, would report that they have attended to the duty assigned them. They find that the proposed widening would involve a large outlay of money, and as a large proportion of the abutters are opposed to the assessment of said cost upon their estates, and as no public necessity for the proposed widening exists at present, they would recommend that the petitioners have leave to withdraw

For the Committee

Accepted and sent - clerk for concurrence.
