

To His Honor the Mayor and the Board
of Aldermen of the City of Cambridge.

Gentlemen,

Understanding that the
City of Cambridge, are finishing a new street
in Ward Five, to wit, so much of Pine Street
called Walden Street, as lays between the
Fitchburg Rail Road, and the Store of
John B. Tuttle, I desire to state, that I have
on hand several thousand yards of Sand
and Gravel, which I should be glad to dis-
pose of to the City on a wise contract, if the
City government desire to do so, to furnish
~~the~~ ^{the} ~~city~~ ^{city} material, ~~than~~ ^{than} the same, and fill
all the parts of Pine new street between
the Pine above named termini, at the price
of thirty cents per cubic yard, which believe
your honorable ^{body} will be satisfied is about
half the usual price for such work.

Cambridge Mar 6, 1861.

Baron and Conolly
